### **Corporate Tax Code Amendments 2023–2025 · Financial Year Coverage**

#### **1. Standard rate applied from 1 January 2023**

The Corporate Tax Code imposes a 25 percent standard corporate income tax rate on resident companies from 2023-01-01. Small domestic companies with turnover below 2 million EUR are exempt until 2025-12-31.

#### **2. Global minimum tax (Pillar Two)**

Effective 2024-01-01 the Tax Reform Act imposes a 15 percent corporate minimum tax on Large Multinational Groups with consolidated revenue above 750 million EUR. The minimum tax applies to each jurisdiction in which the group operates.

#### **3. Amendment to the standard rate from 1 January 2025**

The Corporate Finance Act amends the Tax Reform Act effective 2025-01-01 by reducing the standard corporate income tax rate from 25 percent to 21 percent for all resident companies, and extending the small-company exemption to companies with turnover below 5 million EUR.

#### **4. Anti-avoidance measures (2023–2025)**

From 2023-01-01 the code limits interest deduction to 30 percent of EBITDA. From 2024-06-01 a digital services levy of 3 percent applies to online advertising revenues. Both measures remain in force until further notice.
